SUMMARY

"As a Junior Python Developer, I am passionate about leveraging my strong foundation in Python programming to contribute to dynamic and innovative projects. With a solid understanding of data structures, algorithms, and software development principles gained through academic coursework and personal projects, I am eager to apply my skills in a professional setting. My collaborative mindset, problem-solving abilities, and enthusiasm for learning make me a valuable asset to any development team. Seeking an opportunity to further develop my skills, contribute to impactful projects, and grow as a Python Developer within a supportive and challenging environment."

EXPERIENCE

"Throughout my academic journey and personal projects, I have cultivated hands-on expertise in Python development, establishing a robust foundation in software engineering. Notably, I have successfully conceived, developed, and deployed several projects independently. These ventures encompass web applications, providing me with valuable insights into the entire development lifecycle.

These experiences have significantly contributed to my growth as a developer, enhancing my problem-solving abilities, coding proficiency, and project management skills. Having created solutions from concept to deployment, I am well-prepared and eager to apply my skills in a collaborative and challenging professional setting. I am particularly excited about backend development and I am ready to bring my passion for coding and commitment to excellence to a dynamic team."

EDUCATION

Web developer	2022 - 2023
Codecademy	New York
Back-end	2022 - 2023
Code with Mosh	Location

LANGUAGES

Albania	Native	●●●●●	English	Advanced	●●●○○
Ukraine	Beginner	●○○○○			

SKILLS

Python · Django · Django rest_framework · ORM · APIs · HTML5

Web Scraping:

Beautiful Soup

Data Manipulation and Analysis:

Pandas

VSCode · PyCharm · Git · Heroku

CERTIFICATION

Certified Python Developer
Intensive course provided by Codecademy focusing on advanced Python features

Django Framework
In-depth Django course provided by Udacity, enhancing web development skills

PASSIONS

💙 **AI and Machine Learning**
Continually exploring advancements and possibilities in AI and machine learning

🎋 **Green Energy Initiatives**
Passionate about sustainable living and support green energy initiatives
